Mission
A primary mission of the Student Engineers’ Council is to serve as a representative voice for the students within the College of Engineering. This survey seeks to communicate the student perspective to College of Engineering administration.
Survey Executive Summary

Survey Restructuring

Question edits:
• Select questions and answer choices in the survey were modified to resemble surveys administered by Texas A&M.

Section edits:
• Demographics section is provided in the handout.
• A summary of highlights from each section is provided in the handout.
• The Mental Health section was improved following the implementation of it last year.
• A few other sections saw changes to re-focus varying questions to be more helpful for faculty.

Introduction/Demographic Questions

Asked to all students
Responses: 3736

What gender do you identify as?

College of Engineering:
- Male: 77%
- Female: 22%
- I prefer not to respond: <1%
- Other: <1%

ESS Results:
- Male: 66%
- Female: 32%
- I prefer not to respond: <1%
- Other: <1%
Responses: 3736

Race/Ethnic Identification: (select all that apply)

- White: 43% (College of Engineering: 44%
- Asian: 29% (College of Engineering: 30%)
- Latina/o or Hispanic: 22% (College of Engineering: 19%)
- African-American/Black: 3%
- Native American/Alaskan Native: 2%
- Native Hawaiian/Other Pacific Islander: 0%
- Other: <1%
- I prefer not to respond: <1%

Popular "Other" responses:
- Middle Eastern
- Arab
- Indian
Are you a first-generation college student?*

*The U.S. Department of Education defines a first-generation college student as a person "whose parents both have had no postsecondary education experience and have a high school education or a lower level of educational attainment." (https://nces.ed.gov/pubs2018/2018009.pdf)

College of Engineering:

- Yes: 15%
- No: 85%
- I prefer not to respond: 0%

ESS Results:

- Yes: 2%
- No: 78%
- I prefer not to respond: 20%
Responses: 3736

Are you the first member of your family to study/ have a career in engineering?

2021:
- Yes: 52%
- No: 48%

2022:
- Yes: 52%
- No: 48%
Responses: 3736

Are you an international student?

College of Engineering:
- Yes: 14%
- No: 86%

ESS Results:
- Yes: 19%
- No: 81%
Responses: 3736

Which of the following most accurately represents your class year at Texas A&M University?

- 1st Year UG: 24%
- 2nd Year UG: 19%
- 3rd Year UG: 15%
- 4th Year UG: 15%
- Master's Student: 14%
- PhD Student: 7%
- 5th Year UG: 5%
- Other: 1%
Responses: 3736

Are you graduating in December 2022 or May 2023?

- Yes: 20%
- No: 80%
Responses: 3736

At which campus do you currently take the majority of your courses?

- 94.1% Texas A&M University at College Station
- 2.1% Texas A&M Engineering at Galveston
- 0.6% Texas A&M Engineering at Blinn in Bryan
- 0.6% Distance Learning at McAllen
- 0.5% Engineering Academy at Houston Community College
- 0.4% Engineering Academy at Blinn in Brenham
- 0.4% Engineering Academy at Austin Community College
- 0.3% Engineering Academy at Dallas College
- 0.1% Engineering Academy at Alamo Colleges District
- 0.1% Tarrant County College
- <0.1% Engineering Academy at Qatar
- <0.1% Engineering Academy at Midland College
- 0% Engineering Academy at Texas Southmost College
Responses: 3736

What is your Major of Study?

- General Engineering (Pre-ETAM): 27.4%
- Mechanical Engineering: 11.8%
- Electrical Engineering: 7.7%
- Civil Engineering: 6.6%
- Aerospace Engineering: 6.3%
- Chemical Engineering: 5.5%
- Biomedical Engineering: 5.4%
- Industrial Engineering: 5.2%
- Industrial Distribution: 4.6%
- Computer Engineering: 3.3%
- Computer Engineering, Technology: 2.9%
- Architectural Engineering, Technology: 1.7%
- Materials Science and Engineering: 1.6%
- Petroleum Engineering: 1.5%
- Nuclear Engineering: 1.4%
- Ocean Engineering: 1.2%
- Environmental Engineering: 1.2%
- Interdisciplinary Engineering: <1%
- Computing, General: <1%
- Computing, General, Interdisciplinary: <1%
- Biological and Agricultural Engineering: <1%
- Other: <1%
Responses: 3736

How would you prefer to receive information about events, scholarships, career opportunities, and other general information from the College of Engineering? (select all that apply)

Other Student Suggestions:

- Social Media
- Canvas
- Text Reminders

Percentage of Students
If the College of Engineering were to use text messages as a method of communication, how much information would you like to receive?

- **31%** Only Announcements (Important Information)
- **29%** Academic Deadlines (Registration, etc)
- **16%** All Communications (General Information)
- **16%** Only Emergencies
- **8%** None - I would not like to receive information over text

Responses: 3736
Engineering Student Organization Questions

Asked to all students
How many Engineering Student Organizations (ESOs) and/or Engineering Societies are you currently involved in?

*An ESO is defined as an organization that is recognized by StuAct or the COE as an Engineering Organization.
Asked to students who are involved in 1+ organization(s)
Responses: 1943

What type of Engineering Student Organizations (ESOs) and/or Engineering Societies are you involved in? (select all that apply)

- Professional Engineering Society: 49%
- Engineering Development/Leadership Organization: 18%
- Engineering Social Organization: 18%
- Engineering Service Organization: 6%
- Other: 9%
Why did you become involved in your Engineering Student Organization(s)? (select all that apply)

- Learning more about industry: 19%
- Gain a social opportunity with peers: 17%
- Gain leadership skills or experience: 17%
- Gain professional contacts: 15%
- Opportunity to join projects: 12%
- Gain mentorship from other students: 11%
- Making a difference or a positive impact: 9%
- Other: <1%
Responses: 3736

Did you attend the Engineering Student Organization (ESO) Open House this semester on Wednesday, August 31st?

2021:
- Yes: 13%
- No: 87%

2022:
- Yes: 13%
- No: 87%
Undergraduate Student Questions

Asked to undergraduate students only
Please indicate, for each College of Engineering attribute, the level of improvement you believe is necessary.

Responses: 3736
Responses: 3736

Please indicate the effect that each of the following College of Engineering attributes has on your undergraduate student experience. (open ended)

Improved Selection of Professors and TAs for courses
• "The quality of professors needs serious improvements. Every semester is hit or miss with the professors."
• “Quality of TAs could be improved through an interview process.”
• “Quality of TAs could be improved with greater communication and actually having them understand the expectations. They shouldn’t have to be learning with us.”

Class Size/Registration
• “Class Size: There are not enough sections for the popular 400 level classes. Some cannot even register for their required classes for graduation because the classes are full before their registration ticket opens.”
As asked to non-first year undergraduate students
Responses: 2268

My ENGR 102 coursework adequately prepared me to be an upper level engineering major in the following ways.

- **Programming**
  - Strongly Agree: 21%
  - Agree: 42%
  - Neutral: 9%
  - Disagree: 6%
  - Strongly Disagree: 0%

- **Solve Engineering Problems with a Team**
  - Strongly Agree: 19%
  - Agree: 41%
  - Neutral: 11%
  - Disagree: 7%
  - Strongly Disagree: 0%

- **Introduce Engineering Majors**
  - Strongly Agree: 19%
  - Agree: 37%
  - Neutral: 13%
  - Disagree: 13%
  - Strongly Disagree: 9%
Asked to non-first year undergraduate students
Responses: 2142

My ENGR 216 and 217 adequately prepared me to be an upper-level engineering major in the following ways.

- Develop, Conduct, Analyze, and Interpret Experiments: 42% Strongly Agree, 25% Agree, 10% Neutral, 7% Disagree, 7% Strongly Disagree
- Understand Physical Laws in Engineering Applications: 45% Strongly Agree, 23% Agree, 10% Neutral, 7% Disagree, 9% Strongly Disagree
- Solve Engineering Problems: 39% Strongly Agree, 25% Agree, 14% Neutral, 13% Disagree, 9% Strongly Disagree
Please elaborate on how the coursework did or did not adequately prepare you to be an upper-level engineering major. (open ended)

Inconsistencies Between Professors
• "ENGR 217 is taught differently by every professor."
• “It was extremely unfair that some professors let their students take the course in a group while others had to do it alone and closed note.”

Course Topics/Structure
• “ENGR 216/217 could maybe be condensed into one class or a class with only the lab component.”
• “I found that the lecture was simply a watered-down version of my PHYS 206/207 courses and presented minimal new information.”

Asked to non-first year undergraduate students

- Engineering Honors: 18% used, 67% aware, 15% not aware.
Responses: 3736

What suggestions do you have to improve the Programs and/or High Impact Experiences above? (open ended)

More awareness for programs
• "I just think that these programs should have more advertising because they sound enjoyable and like a good experience."
• “Maybe mention them in ENGR 102.”

Program Specific Suggestions
• “AggiE_Challenge needs to be better advertised and made clearer, such as what students will end up doing and learning.”
• “Adjusting Engineering Honors Requirements: entry requirements are too basic, but graduation requirements, such as research, are too steep.”
Have you used or participated in the following Academic Support Services during your time in the College of Engineering?

Responses: 3736

- **Academic coaching (hosted by ASC)**
  - I have used this: 9%
  - No, but I am aware of this: 56%
  - No, and I was not aware: 35%

- **Student success workshops**
  - I have used this: 10%
  - No, but I am aware of this: 59%
  - No, and I was not aware: 30%

- **ENGR 102/216/217 PT office**
  - I have used this: 25%
  - No, but I am aware of this: 50%
  - No, and I was not aware: 25%

- **SI Sessions**
  - I have used this: 36%
  - No, but I am aware of this: 42%
  - No, and I was not aware: 23%

- **Peer tutoring (from COE & ASC)**
  - I have used this: 25%
  - No, but I am aware of this: 57%
  - No, and I was not aware: 18%

- **TA office hours**
  - I have used this: 59%
  - No, but I am aware of this: 37%
  - No, and I was not aware: 4%

- **Professor office hours**
  - I have used this: 69%
  - No, but I am aware of this: 28%
  - No, and I was not aware: 3%
Of the College of Engineering Academic Support Services you have used, how well did they meet your needs?

- Professor office hours: 37% Very Well, 16% Well, 19% Moderately, 4% Slightly, 2% Not at all
- TA office hours: 40% Very Well, 34% Well, 19% Moderately, 4% Slightly, 2% Not at all
- Supplemental instruction (SI) sessions (from COE & ASC): 33% Very Well, 18% Well, 18% Moderately, 5% Slightly, 3% Not at all
- Student Success Workshops from ASC: 30% Very Well, 29% Well, 25% Moderately, 5% Slightly, 5% Not at all
Asked to students who have participated in 1+ services
Responses: 497 - 2626

Of the College of Engineering Academic Support Services you have used, how well did they meet your needs?

- ENGR 102/216/217 PT Office Hours
  - Very Well: 29%
  - Well: 35%
  - Moderately: 23%
  - Slightly: 7%
  - Not at all: 6%

- Peer tutoring (from COE & ASC)
  - Very Well: 29%
  - Well: 39%
  - Moderately: 23%
  - Slightly: 5%
  - Not at all: 5%

- Academic Coaching from ASC
  - Very Well: 28%
  - Well: 28%
  - Moderately: 26%
  - Slightly: 7%
  - Not at all: 11%
What additional College of Engineering Academic Support Services would be helpful to you in meeting your needs? (open ended)

More Availabilities for Tutoring Opportunities

• "More peer teachers and tutors are needed, there are way too many students who go to office hours and not enough peer teachers.”

• “More peer teacher centrals like the one in PETR 127 for computer science and engineering are needed.”

Upper-Level, Course Specific Academic Support Options

• “Specific course tutoring would be helpful. Especially for the upper-level/major-specific classes.”

• “Discord help for more classes. I know there are Discords for classes like CSCE 221, 313, and 314. They have constant office hours with a bunch of different PTs and TAs.”
Responses: 3736

When registering for the Fall 2022 semester, were you able to register for the courses that are required for your major?

- Yes, I was able to register for my required courses (66%)
- Yes, but not my preferred section (28%)
- No (6%)

Top courses students could not register for: (open ended)

1. ISEN 613
2. ISEN 615
3. ENGR 217
4. ISEN 210
5. PHYS 206/ENGR 216
Entry-to-a-Major Questions

Asked to all students who said that they had completed ETAM
Did you feel as if you received sufficient information about the different engineering majors to make an informed decision regarding choosing your major?

Responses: 1909

During your first year at Texas A&M University, what is/was the most helpful source of information when selecting or confirming your choice of major for the ETAM process?

Responses: 1909

- Other Students: 23%
- Department Information (DI) Saturday: 18%
- Family/friends: 15%
- Departmental Videos: 11%
- Departmental Info Sessions: 10%
- Academic Advisors: 7%
- Professors: 4%
- Organizations: 3%
- SEC Industry Night Seminars: 2%
- Other: 7%
As asked to 2nd year undergraduate students
Responses: 509
To the best of your recollection, when undergoing the ETAM process, was your first-choice major the same major you chose when you applied to Texas A&M University?

2021:
- Yes: 70%
- No: 29%
- I do not remember: 1%

2022:
- Yes: 66%
- No: 32%
- I do not remember: 2%
Asked to 3rd year undergraduate students
Responses: 532

Was the major you were offered during the ETAM process your first preference when you applied to ETAM?

- Yes: 83%
- No: 14%
- I prefer not to answer/unsure: 3%
Asked to 3rd year undergraduate students who answered ‘No’ Responses: 75

After spending time in your major following the ETAM process, how satisfied are you with your offered major?

- Very Satisfied: 42%
- Somewhat Satisfied: 24%
- Neutral: 19%
- Very Unsatisfied: 8%
- Somewhat Unsatisfied: 7%
Graduate Student Questions

Asked to Master’s & PhD students
In which department are you enrolled as a Graduate student?

Responses: 805
Responses: 805

Please rate the impact of the following relationships on your Graduate Student Experience.

- Professional Relationship with Advisor: 49% Very Positive Impact, 26% Somewhat Positive Impact, 20% Neutral Impact, 3% Somewhat Negative Impact, 2% Very Negative Impact
- Professional Relationships with Professors & Other Faculty: 43% Very Positive Impact, 34% Somewhat Positive Impact, 20% Neutral Impact, 2% Somewhat Negative Impact, 1% Very Negative Impact
- Professional Relationships with Other Graduate Students: 47% Very Positive Impact, 33% Somewhat Positive Impact, 17% Neutral Impact, 2% Somewhat Negative Impact, 1% Very Negative Impact
Responses: 805

Please indicate, for each College of Engineering Graduate Student attribute, the level of improvement you believe is necessary.

- No Improvement, I am satisfied
- Minimal Improvement Needed
- Significant Improvement Needed

- Course Availability
- Financial Support/ Scholarship
- Professional Development Opportunities
- Teaching Opportunities
- Professional Collaboration with Other Graduate Students
- Information about Degree Program, Campus, and Courses
- Research Opportunities
- Lab/Office Space
- Mental Health Resources
- Availability of Engineering Organizations and Social...
Responses: 117

Please provide any suggestions you may have for the College of Engineering Graduate Student attributes you believe could be improved. *(open ended)*

**Emphasis on Course Availability**

- “Course availability is a significant issue faced by many... **Not having enough seats** or **changing professors last minute** is a major issue I have faced.”
- “All of my **courses are offered only in the spring or fall**, with no summer or winter semester options. This means I have one chance to take everything, or I will have to extend my degree plan.”
- “Please offer online options, summer graduate courses, or make popular and core curriculum courses available for spring and fall semesters.”

**CAPS**

- “CAPS is great in theory, but with the **wait times** just to get a consultation meeting and then another month long wait to actually start getting counseling, is less effective at actually helping with mental health issues.”
Post-Graduation Questions

Asked to students graduating in December 2022 or May 2023
Responses: 755

Which one of the following will you pursue after you graduate?

- Engineering Job: 72%
- Graduate School at Texas A&M (ENGR-related): 10%
- Non Engineering Job: 5%
- Graduate School at Texas A&M (not ENGR-related): 3%
- Graduate School at Another School (ENGR-related): 2%
- Graduate School at Another School (not ENGR-related): 2%
- Military: 2%
- N/A - Not Decided: 4%
Asked to students pursuing non-engineering grad school
Responses: 38

What kind of graduate school are you pursuing after you graduate?

- **Business**: 19 students
- **Medical**: 14 students
- **Law**: 3 students
- **Other**: 2 students

Why did you not attend the Career Fair?

- Class or work conflict: 42%
- Not looking for a job: 26%
- Intimidated by the Career Fair: 20%
- I was not aware: 14%
- Already have a job secured: 13%
- Attended another Career Fair: 8%
- I am not at the College Station campus and it is too far: 8%
- Other: 10%
Asked to students who did not attend the Career Fair
Responses: 1809

Why did you not attend the Career Fair? – Other (please specify)

Did not feel well prepared
• “I didn't feel knowledgeable about or have enough background in my major to feel like I would've had any success at the career fair.”

Companies present did not match field of study/ graduate classification
• “There were a limited number of biomedical engineering companies.”
• “Most companies are geared towards undergraduates and US citizens.”

Miscommunication
• “I thought that the fair was for upperclassmen, not freshmen.”
International Experiences Questions

Asked to all students
Responses: 3736

How many learning experiences have you had outside the U.S. led by the Halliburton Engineering Global Program?

- 59% None, and I am not interested in one
- 4% 1
- 1% 2
- <1% 3
- <1% 4+
- 35% None yet, but I plan to have at least one
Asked to students who completed at least 1 experience abroad
Responses: 201

What was the average length of your learning experience(s) abroad?

- Short (1 - 2 weeks): 26%
- Medium (3 - 7 weeks): 53%
- Long (8 weeks - 1 year): 21%
Asked to students who completed at least 1 experience abroad abroad
Responses: 625

What did you learn during your international learning experience and how will it make you a better engineer? (select all that apply)

- How to interact better with different cultures: 22%
- How many different engineering opportunities exist throughout the world: 19%
- How to adapt to different styles of learning and working: 18%
- How to operate comfortably in a foreign environment: 18%
- How other countries approach engineering and engineering problems: 16%
- How to speak a particular language: 7%
- Other (please specify): <1%
Why did you choose to participate in international learning experience(s)? (select all that apply)

- Interesting location: 14%
- Relevant to my major: 13%
- Personal development: 12%
- Lifetime opportunity to travel: 12%
- Developing global competency skills: 10%
- Professional skills development: 10%
- Traveling with friends: 9%
- Language and culture learning: 7%
- Traveling with a faculty member: 7%
- Unique technical visits not available in College Station: 5%
- Other: <1%

Asked to students who completed at least 1 experience abroad
Responses: 870
Asked to students who plan to have 1 international experience
Responses: 7652

What aspects of an international learning experience would make you want to participate in it? (select all that apply)
Asked to students who did not have an international experience
Responses: 4577

Why did you choose not to participate in international learning experience(s)? (select all that apply)

- High cost: 25%
- Did not fit into my degree plan: 17%
- Would delay my graduation: 16%
- Did not see the value for my career: 12%
- Lack of information about available opportunities: 8%
- COVID-19: 8%
- Would conflict with an internship/co-op: 6%
- Difficulty learning another language/culture shock: 3%
- Have wanted to, but did not get accepted into a program: <1%
- Other: 5%
Asked to students who did not have an international experience
Responses: 238

Why did you choose not to participate in international learning experience(s)? – Other (please specify)

Complications with Travel Documentation
• “I am undocumented and cannot travel outside of the country.”
• “VISA issue. It takes a lot of time to get a new VISA to Re-enter US after international program.”

Lives abroad or has already spent extended time abroad
• “I have already studied abroad in 7+ different countries with different programs, or through conferences, workshops and seminars.”
• “I am from Germany but not considered an international student so it is enough for me to study in the US since this is my international learning experience.”
Mental Health Questions

Asked to all students
Responses: 3736

Have you heard about the Counseling and Psychological Services (CAPS) resource within the College of Engineering?

(your link)

- 12% Yes, I have utilized this resource
- 20% Yes, but I have not utilized this resource
- 68% No
What aspects of the CAPS resource in the College of Engineering would influence you to either utilize or avoid them? (open ended)

**Availability**
- “CAPS being **limited to 10 sessions** per academic year has made me NOT utilize the resource this academic year (used it last year). I wish it would be 10 per semester.”
- “The appointments were **2 months away** last time I checked, very unfortunate.”
- “Lack of **in person sessions**.”

**Cost**
- “**No additional cost** and the **virtual availability** makes them super accessible to PhD students.”
- “It was game changing for me this semester... I loved that it was **free of charge**, that was really the determining factor in whether or not I could go.”

**Mission**
- “Having **mandatory workshops** for first year students in the Academy would help us familiarize with the service provided.”
- “I heard that CAPS is more for how to **handle academics instead of mental health**.”
- “**Group therapy** is accessible, but not always what is desired.”
How familiar are you with the following CAPS resources, besides 1-on-1 counseling?

- My SSP App
- Lets Talk Program
- Group Therapy
- Self Help Page
- Workshops
- CAPS Helpline

Responses: 3736
How comfortable would you feel using the CAPS resource in the College of Engineering?

- Very Comfortable: 10%
- Somewhat Comfortable: 31%
- Neither Comfortable nor Uncomfortable: 40%
- Somewhat Uncomfortable: 14%
- Very Uncomfortable: 5%

Asked to students who has not utilized ZACH CAPS
Responses: 3300
Asked to students who have used the CAPS resource
Responses: 436

How well did CAPS meet your mental health needs?

- 21% Very Well
- 31% Well
- 25% Moderately
- 12% Only Slightly
- 11% Not at All
Responses: 409

Please share any feedback or suggestions you may have for the College of Engineering in regards to student mental health awareness and the CAPS resource. (open ended)

Increased visibility and understanding
- “I wish that it was something that more students did and talked about so that I would have known about this.”
- “More tabling events - be seen more for ppl who would really love to talk but are shy.”
- “Perhaps have signage outside the CAPS office. I am unsure of where it is in Zachry.”

Fear behind utilization
- “I don’t want my college to report mental health issues to insurance providers, future employers, or family members.”
- “I feel that some students may be paranoid when using such resources. For instance, I would not feel comfortable discussing private information over a zoom conference or phone call.”
- “There is the cultural stigma, there is a lack of time due to school, there is the fear of creating a record, there is the belief that it isn’t effective.”

Availability of resources
- “The one time I tried it, I the next available appointment was a week following. Also, CAPS should be able to provide excuse(s) for certain circumstances inhibiting academic accountability.”
- “They don't offer appointments for CAPS after 5pm which can be difficult for student workers (like me).”
Diversity & Inclusion Questions

 Asked to all students
Please rate your agreement with the following statements. – I feel welcome in the College of Engineering.
Responses: 3736

Please rate your agreement with the following statements.

- The College of Engineering promotes a diverse engineering student body.

![Bar chart showing percentages of agreement for the statement]
Please rate your agreement with the following statements.

- The College of Engineering values diversity by having a diverse engineering faculty.

Asked to students who have experienced discrimination
Responses: 376

Over the past year, how often have you experienced discriminatory events within the College of Engineering because of your... (select all that apply)
Asked to students who have experienced discrimination
Responses: 376

Which of the following groups have discriminated against you? (select all that apply)
As asked to students who have experienced discrimination
Responses: 142

What type of discrimination have you experienced? (microaggressions, biased statements, etc.) (open ended)

Microaggressions & biased statements
• “Microaggressions related to my race and socioeconomic status.”

Gender discrimination against females
• “Consistently talked over during group work by male students.”
• “Assumptions about my intelligence compared to male students.”

Discrimination against LGBTQ+ individuals
• “My classmates make a lot of homophobic jokes which are offensive to me.”

Discrimination against disabled individuals
• “Professors not honoring my accommodations and finding ways to work around them. Having my accommodations discovered by other students due to the professor failing to ensure my privacy...”
Asked to students who have experienced discrimination
Responses: 121

How can the College of Engineering take steps to prevent instances of discrimination from happening in the future? (open ended)

Improve access to education about cultural diversity
• “Education on recognizing or acknowledging certain areas that an individual may not be aware is offensive.”
• “Have cultural and diversity awareness courses and workshops.”
• “Bystander programs like Green Dot.”

Resource education and organized events
• “Educate students as freshman where they can report these incidents.”
• “… there are interesting things that could be introduced to promote diversity; Example is introducing ‘international day.’”

Increase transparency
• “Be open minded when receiving complaints … work on a warning/education-based system for minor infractions and have a more transparent, firm process for severe ones.”
Asked to students who have experienced discrimination
Responses: 376

In what areas of your life has our experience of discrimination affected you? (select all that apply)

- Personal Confidence: 52%
- Social Engagement: 50%
- Mental Health: 38%
- Class Attendance: 24%
- Study Habits: 18%
- I prefer not to answer: 11%
- Other: 9%
Asks to students who have experienced or witnessed discrimination
Responses: 597

If you experienced or witnessed any discrimination within the College of Engineering, did you report the incident through an official A&M resource?

Stop Hate (https://stophate.tamu.edu/)
TAMU Title IX (https://titleix.tamu.edu/)

- Yes: 12%
- No, I reported to someone else at A&M: 8%
- No, I did not report: 80%
Asked to students who reported to ‘Someone else at A&M’
Responses: 72

Who did you tell? (select all that apply)

- Fellow COE Student: 34%
- Fellow Non-COE Student: 22%
- COE Faculty/Staff Member: 18%
- Non-COE Faculty/Staff Member: 8%
- Non-COE Administrator: 6%
- COE Administrator: 3%
- Other: 9%
If you are receiving disability services, have you experienced discrimination from an engineering faculty member because of this?

- Yes: 12%
- No: 61%
- I prefer not to answer: 27%
Responses: 719

If you would like to see more diverse representation in the College of Engineering, how would you like to see this? *(open ended)*

**Celebrate cultural diversity**
- “If there were a cultural showcase for different cultures once a semester, I think that would be a great way to highlight and celebrate diversity within the COE.”

**No changes are necessary/Doing Good**
- “I feel that in the College of Engineering, there is already a very diverse representation. I am not sure how more could be implemented.”
- “… The College of Engineering is doing a good job with diverse representation.”

**More representation among faculty, services and events**
- “I would like to see more women in engineering services, faculty, and scholarships.”
- “I would like to see more LGBTQ+ support within the COE. This could include hosting workshops or hearing from the LGBTQ+ community about their experiences within industry and how our students can promote acceptance within the workplace.”
